

# Brownsbarn July 2009 Update

**Pat  
Rabbitte  
TD**

Dear Resident

Please find below on brief outline of a number of local issues my colleague Cllr Mick Duff and I are working on. If you have any queries or if there are any matters you require assistance with do not hesitate to contact either of us.

## TRAFFIC & PARKING

Further to my colleague Mick Duff's recent update, the issue of better parking controls and management of Construction Traffic on the Old Naas Road was examined at the Council's June Traffic Management Meeting.

Roads Department engineers are examining at present what measures can be put in place to address resident's concerns and are to report back later in the month. Mick and I had also made representations to Durkan Residential about these matters, but we have as of yet not received a response.

## BUS SERVICE

Quite a number of residents raised the need for better public transport links in Brownsbarn, and that a site be investigated for a new terminus closer to the Old Naas Road area. In May Mick Duff and I had made representations to the Dublin Bus Management and they have responded:

*"Dublin Bus recently commenced a network review following the publication of the Deloitte report. Your request will be part of the network review in the area. Dublin Bus will keep you informed of any future decisions on the Brownsbarn area".*

## MANAGEMENT COMPANIES

I will be holding a **public meeting next Thursday (8.00pm July 9<sup>th</sup>)** in the Plaza Hotel in Tallaght to discuss the new "Multi Units Developments Bill" and the wider issues surrounding estate Management Companies. All are welcome.
