VOTE YES

LISBON TREATY REFERENDUM OCTOBER 2ND

September 21st 2009

Dear Resident

I am writing to ask you to VOTE YES on the Lisbon Referendum on October 2nd.

In present economic circumstances it is more important than ever that we maintain our influence in Europe. There is no doubt that Ireland's standing and influence was damaged by the rejection of Lisbon 1. We simply cannot afford for it to happen again.

The Lisbon Treaty makes sensible and necessary changes for the more efficient functioning of the European Union. The feedback from canvassing is that some people are so angry with the Government because of the mismanagement of our economy and failure to properly regulate the Banks that they will Vote No. Unfortunately such a vote will do nothing to help our economic recovery.

I respectfully ask you and your family to vote yes on referendum day. If you have any queries about the Lisbon Treaty – or any other matter in respect of which I can be helpful – please do not hesitate to contact me either at pat.rabbitte@oir.ie or at 6183772 or at my weekly advice centre in Tallaght Village in the Tallaght Welfare Society on Saturdays at 2.00pm

Sincerely
